What Is Going on Tonight.

Thinks Assessors Underpaid.

Dr. George E. Wilcox, chairman of the town board of assessors, said Friday he was strongly of the opinion that a special town meeting ought to be called to vote an adequate compensation for the work of the assessors. It would not be too much, he said, to pay the chairman \$500 per year for his services, as the larger part of the clerical and routine work comes on him. Dr Wilcox thought \$200 per annum for each of the other assessors would not be unfair. The work next year will be increased by the further adjustment of at Baltic as follows: On Gordon Broth-the revaluation of Windham's grand ers' stock, \$902.50; C. F. Charron's list and the assessment of automobiles, loss, about \$225. The other losses motorcycles and planes is no small have not yet been adjusted.

That Dr. Wilcox has no personal axes to grind in this matter is shown in his statement that his professional duties are such that he will probably not be a candidate for re-election.
